SUMMERTIME FUN

Hot summer days are here. If you find yourself struggling to keep active, remember to keep it simple. Simple activities like biking, hiking, fishing, canoeing, kayaking, swimming, playing at parks, catching fireflies, playing catch, tubing, going on picnics, enjoying ice cream, or attending local fairs can be great.

Prefer to be inside with the cool air; you can still keep those summer activities simple. Do activities like playing cards, playing board games, doing puzzles, building indoor forts, making popsicles, sewing, going to the movies, visiting local libraries, volunteering at a nearby pet shelter, or bowling.

Hot summer days will be gone before we know it. Take time to enjoy some or all of the above simple summer activities with your family, mentor, or friends. Get out and soak up the sun!

NOW IS THE TIME TO BECOME A MENTOR.

A BIG THANK YOU

I want to personally thank the mentors and mentees that walked in the Delaware County Fair parade with me, learning how to limit our candy throwing, what we can do better next year, and all the hard work walking and letting others see how great Youth Mentoring is. Here are a few pictures we got from the parade!

PONDERING QUESTION

How would your goals for the future be affected if you used illegal drugs?
