

We engage families and communities of all types, beliefs, and challenges for maximum child development, enriched parent-child interaction, family well-being and involved neighborhoods. **This better ensures every child—beginning at birth—will be healthy, safe, and successful.**

*Remember, the goal is not to raise great kids; it's to raise kids who become great adults.*  
- Andy Andrews

## FAMILY EDUCATORS

Using the Parents As Teachers™ approach, families with a child, age birth to three receive:

### IN THE HOME

- Breastfeeding support
- Child passenger safety
- Developmental assessments
- Age appropriate activities for children
- Healthy home environment checklist
- Infant/child weight checks
- Vision/hearing screenings
- Resource referral

### OUTSIDE THE HOME

- Parent-child playgroups
- Community engagement
- Child passenger safety checks

### CHILD PASSENGER SAFETY

- Nationally certified technicians
- Provide community seat check events
- Provide seat checks at your home
- Check seat for recalls
- Teach proper seat installation
